

Critical Information Summary

nbn™ Fixed Line

Information About The Service

The product is a Broadband Internet Connection provided via the nbn co network via a mixture of fixed line technologies.

Installation

Your address will need to have been made ready for activation by nbn co, and this may require the installation of equipment at your address. We will advise you at the time of sign-up, and if the property is in a ready-for-service area but has not been made ready for activation, we will arrange this as part of your order.

Requirements and Availability

nbn™ Fixed Line services are available to addresses that have been confirmed as ready for service by nbn co, and which are designated as in nbn™ Fixed Line service delivery areas. The technologies that are used to deliver these services are: FTTN, FTTP, FTTC, FTTB, HFC You can check your address on the NBN website at: <http://www.nbnco.com.au>.

You will require an NBN-compatible router that can be configured with your Swoop account settings. We can provide a router as part of your order for \$140 (inc. GST and postage).

Minimum Term

There is no minimum term on Swoop Broadband nbn™ Fixed Line services. You may terminate at any time with notice.

Bundling

You are not required to bundle any other services with nbn™ Fixed Line services, but we do provide VoIP phone services that you may wish to activate. Additional equipment may be required. See VoIP CIS on our website.

Fee For Service

A Fee for Service may be charged for any works conducted by Swoop Broadband or its third party access providers to resolve a service fault where the fault is not found to be on Swoop Broadband or its third party access provider's networks. This Fee for Service is variable and the details of the possible fee(s) will be disclosed to you prior to the works commencing or the booking of an appointment. The Fee for Service is subject to your approval before proceeding.

If you withhold acceptance of a Fee for Service, it is possible that a service fault may not be able to be resolved by Swoop Broadband or its third party providers.

Residential Grade Service

Swoop Broadband connections are Residential Grade services with no guarantee of consistent speeds or uptime. If you are seeking a Business Grade Service please call 03 5624 1199.

Connection Speed The service speed of your plan is a theoretical maximum. Swoop Broadband connections are residential grade services with no guarantee of consistent speeds. Data transfer speed is dependent on a number of variables beyond our control, including: your local network configuration, infrastructure limitations and environmental Actual speeds to be confirmed after activation. If your line cannot provide the speed tier of your plan and this cannot be fixed, you can move to a lower speed plan or exit your plan at no cost (for FTTN, FTTC and FTTB services only)

Priority Assistance

Priority Assistance is a service to provide the highest level response in the event of service failure. Priority Assistance is a service for customers who have, or who are living with someone who has, a diagnosed life-threatening medical condition and whose life may be at risk without access to a fully operational phone service.

We cannot offer Priority Assistance at this time. Should you require this service, you should apply for services through a telecommunications provider who can offer Priority Assistance.

Telstra are a telecommunications provider who offer a Priority Assistance service.

Excess Data Usage

Both uploads and downloads contribute towards your monthly data allowance on data capped plans. You will not be charged any extra for exceeding your data allowance. Instead, your service will be slowed ("shaped") to 512Kbps in both directions for the first 500MB in excess of your limit, and 256Kbps in both directions thereafter.
